

LEGISLATIVE FORUM

Tuesday, February 21, 2012

Guest Speaker

Congressman, John D. Dingell

On January 5, 2011, Congressman Dingell was officially sworn in for his 29th full term in the U.S. House of Representatives. As the longest serving member of the United States House of Representatives in history, Dingell serves as the Dean of the House. Dingell's work includes fighting for the working families that keep America's economy going, making health care more affordable and accessible to all families, ensuring the safety of our nation's food supply, and protecting our nation's natural heritage.

In 2010, Dingell played a lead role in crafting national health insurance reform legislation, wherein he authored a main component of the law, the Patient's Bill of Rights. He also recently authored the landmark food safety reform law, The FDA Food Safety Modernization Act, which overhauls the United States' food safety system by improving the capacity of the Federal Drug Administration (FDA) and food manufacturers to prevent food safety problems and empowering them to detect and immediately respond to food-borne illness outbreaks. Furthering his commitment to improving the capacity of the FDA, Dingell authored additional legislation that dramatically improves drug safety by strengthening FDA's ability to monitor drugs after they are on the market.

Tuesday, February 21, 2012

11 a.m. - Registration & Pre-Forum Reception*

11:30 a.m. - Lunch
